Qualified and competent? Join us

FAMMP* is a non-profit association for individuals working in the mining sector in the Nordic region and having the professional qualification and work experience to be able to function as Competent Persons, also called Qualified Persons. Individuals in training to become a Competent Person can join as Candidate Member.

Our purpose is to ensure the highest standard possible in public information regarding exploration results, mineral resources and mineral reserves. We are working to guarantee the information is comprehensive, transparent, unbiased and quality assured to protect public, shareholders and investors from misleading or incorrect information. We also decide on disciplinary measures for members when the standards are not met.

FAMMP is a member of PERC**, and we also educate in the PERC Reporting Standard and general competence development programs regarding exploration, mineral resources and mineral reserves.

How to join us?
fammp.eu/become-a-member

A full Member of FAMMP shall:

belong to one of the following professional categories: geologist, geo scientist or mining engineer, or similar education or experience relevant to the assessments made by Competent Persons. Have at least five years of cumulative relevant experience.

A Candidate Member shall:

be studying to get the relevant education for a full Member or be in an early stage of relevant work experience. It is expected that the Candidate Member should have bachelor level of knowledge or have accomplished the similar knowledge in another way.
